

Windows 7 Shortcuts

Platform: Windows/English

Managing 'Windows' in Windows 7

Move and Resize Active Window	
Win+Arrow Down	Set window to Restored (if Maximized) or Minimized (if Restored)
Win+Arrow Up	Maximize window (if Restored)
Win+Shift+Arrow Down/Win+Shift+Arrow Up	Maximize Restored window vertically / Restore window to previous state
Win+Arrow Right/Win+Arrow Left	Move Restored window to left/center/right. Works across multiple monitors
Win+Shift+Arrow Right/Win+Shift+Arrow Left	Move window to left monitor / to right monitor when using multiple monitors
Alt+Space	Opens the title bar menu
Alt+Space+Enter	Restore Window
Alt+Space+x	Maximize Window
Alt+Space+n	Minimize Window
F11	Turn full page view on or off
'Maximized' means full screen, 'Restored' means variable window size, and 'Minimized' means minimized to taskbar.	

Switch between Applications	
Alt+tab, alt+Shift+Tab	Cycles through open programs in taskbar. Hold alt and continuously press tab to move forward between applications. Release keys to switch to application selected. Add shift to reverse direction.
Alt+Ctrl+tab, then use arrow keys to select application	Cycles through open programs in taskbar without needing to hold alt continuously. Press alt+ctrl+tab once, then continue with arrow keys and press enter on application.
Alt+Esc/Alt+Shift+Esc	Cycle through programs on taskbar in the order they were opened or accessed
Win+Tab	Cycle through programs using Aero Flip 3D
Ctrl+Win+Tab	Cycle through programs on Taskbar using Aero Flip 3D
Win+g	Cycle through Gadget Window

Manage Multiple Windows	
Win+d	Minimize all windows on all Monitors. Press again to restore previous state
Win+m	Minimize all windows on current Monitor
Win+Shift+m	Restore previously minimized windows on current Monitor
Win+Home	Set all windows to Minimized on current Monitor except active
Win+Space	Preview Desktop / make windows transparent (May not work with all Settings)

Accessing Windows Features	
Win+e	Start Windows Explorer (in My Computer)
Win+r	Open the Run window
Win+f	Open Windows Search. f3 on empty desktop works, too.
